

Welcome!

This is an exciting time for all of us at the Elk City campus of Western Oklahoma Christian School. The parents, the WOCS Board, and the teachers have all been blessed many times while gathering all the things needed for the opening year of the Elk City campus. Whether it was desks or toys, books or supplies, we have truly witnessed how God always supplies our needs over and above what we could image! What a thrill it has been to watch this process unfold! Please continue to remember us in your prayers.

Water

Please do not send water bottles to school. We will have cold water in the refrigerator for them to use and a sport/water bottle for each of them. They will be washed each day and sent home on Fridays for you to wash and/or disinfect and be sent back with your child on Mondays.
