

## Community Service

The preschool and kindergarten classes will be adopting a nursing home this year. We will make monthly visits to the residents and also plan to present a Christmas program to them.

In addition to the nursing home project, our school will use all collections from Chapel to "adopt" a child from another country.

Part of your child's education is to realize that one way of showing God's love is through service to others.

## Reading Goals

October-December 25 book goal

January-March 30 book goal

Reading to and with your child is important in the early years. Your participation in this will help them with vocabulary, grammar, and fluidity in reading.

## Show and Tell

Kindergarteners will have Show and Tell on Fridays. The items should correlate to the letter of the week. I will let you know the letter of the week and the start date in a weekly letter.
