

Classroom Discipline

Our classroom needs to have structure for kids to be able to learn. Kids thrive under structure and in order to obtain that, we need classroom rules.

- 1. Respect others and their property*
- 2. Raise your hand and wait to be called on*
- 3. Respect the classroom*
- 4. Remember when the teacher is talking, students are listening.*

If a child does not want to abide by these rules, a time out might be enforced and if a child continues to not abide by the rules a recess could be taken away.

I will have a bucket on my desk that will have candy, stickers, pencils, or other surprises in it. If I feel like a child has done something super nice or exceptional, I will tell them they can get something out of my bucket. If there is something your child can't have please let me know so I don't put it in there.
